CHEMICAL & ENVIRONMENTAL SAFETY

Asbestos Awareness Basics for Employees

Employers are required to provide basic awareness training for employees who may have to work around asbestos-containing materials. This program covers topics where training is required by various government safety regulations, and forms the core of the two-hour asbestos awareness training requirement mandated by OSHA.

Estimated Completion Time: 18 minutes

Languages Offered: English

Target Audience: Employees

Closed Captioning/Transcript: Yes

Hazardous Spill Cleanup Training for Employees

This training is designed to help employees who seldom face a hazardous spill deal with a cleanup situation. Topics covered include the Hazard Communication Plan, the Emergency Response Plan, five levels of OSHA's Hazmat training, initial spill response, spill containment, instruments used to identify chemicals, and additional hazards of a spill site.

Estimated Completion Time: 16 minutes

Languages Offered: English

Target Audience: Employees

Closed Captioning/Transcript: No

Stormwater Pollution Awareness for Employees

Pollution spread by contaminated stormwater is a serious problem. This training provides workers with a basic understanding of the company's Stormwater Pollution Prevention Plan.

Estimated Completion Time: 13 minutes

Languages Offered: English

Target Audience: Employees

Closed Captioning/Transcript: No

CONSTRUCTION SAFETY

Caught-In or Between Hazard Safety for Construction Employees

This safety training identifies the hazards of different surfaces and provides practical information to help employees prevent slips, trips and falls in and around all types of construction sites.

Estimated Completion Time: 13 minutes

Languages Offered: English & Spanish

Target Audience: Employees

Closed Captioning/Transcript: No

Cold Stress Prevention for Construction Employees

Cold and wet weather can have a negative effect on the body, threatening worker safety. This employee training explains the signs and treatment of cold stress conditions like hypothermia, frostbite and trench foot.

Estimated Completion Time: 8 minutes

Languages Offered: English

Target Audience: Employees

Closed Captioning/Transcript: Yes

Crane Signal Person Basic Training for Construction Employees

In this training, workers will learn the two standardized hand signals described in ASME B3.5 and OSHA 29 CFR 1926.

Estimated Completion Time: 17 minutes

Languages Offered: English

Target Audience: Employees

Closed Captioning/Transcript: Yes

Crystalline Silica Safety for Construction Employees

This training discusses key requirements of OSHA's crystalline silica standards, as well as work practices employees should follow to protect themselves from crystalline silica.

Estimated Completion Time: 15 minutes

Languages Offered: English & Spanish

Target Audience: Employees

Closed Captioning/Transcript: No

Personal Fall Arrest Systems Training for Construction Employees

In this training session, workers learn about the proper selection and use of fall arrest equipment. Topics include the three components of a personal fall arrest system, calculating total fall distance, safe use of self-retracting lifelines, and survival and rescue after a fall event.

Estimated Completion Time: 14 minutes

Languages Offered: English & Spanish

Target Audience: Employees

Closed Captioning/Transcript: Yes

Rigging & Lifting Tips for Construction Employees

This training focuses on productivity, technique and getting more out of rigging and lifting equipment.

Estimated Completion Time: 27 minutes

Languages Offered: English

Target Audience: Employees

Closed Captioning/Transcript: No

Safety Orientation for Construction Employees

This course covers how construction workers can keep themselves and their colleagues safe. Topics include personal protective equipment, ladder safety, use of machinery and equipment, material handling, good housekeeping, fire prevention, fall protection, personal fall arrest systems and preventing heat illnesses.

Estimated Completion Time: 28 minutes

Languages Offered: English

Target Audience: Employees

Closed Captioning/Transcript: Yes

Small Hydraulic Crane Safety for Construction Employees

This training about different types of rigs covers hitch angles and their effects, inspection of slings, records requirements, tie-down and lifting chain, rigging hardware and more.

Estimated Completion Time: 23 minutes

Languages Offered: Spanish

Target Audience: Employees

Closed Captioning/Transcript: No

CORONAVIRUS PREVENTION & RESPONSE

COVID-19: Staying Safe at Work for Employees

This course covers employees' general responsibilities when returning to a worksite during the coronavirus (COVID-19) pandemic. Topics include physical distancing, putting on and taking off PPE, personal and workspace cleaning, and more. This course does not cover state-specific requirements.

Estimated Completion Time: 22 minutes

Languages Offered: English

Target Audience: Employees

Closed Captioning/Transcript: Yes

COVID-19: Staying Safe at Work for Managers

This course covers employers' general responsibilities when returning employees to a worksite during the coronavirus (COVID-19) pandemic. Topics include creating a screening process, adopting an infection control plan and training program, and more. This course does not cover state-specific requirements.

Estimated Completion Time: 21 minutes

Languages Offered: English

Target Audience: Managers

Closed Captioning/Transcript: Yes

Remote Employees: Safety, Health and Security

This course informs remote employees of the physical and cybersecurity hazards found in home work environments, safe work practices to follow, and how to maintain a "workplace mindset."

Estimated Completion Time: 19 minutes

Languages Offered: English

Target Audience: Employees

Closed Captioning/Transcript: Yes

CYBERSECURITY

Data Privacy & Information Security

This course covers data privacy, general data protection regulation (GDPR), information security and asset protection. Employees will understand their responsibilities in protecting personal and confidential information, and keeping information systems secure.

Estimated Completion Time: 45 minutes

Languages Offered: English

Target Audience: Managers & Employees

Closed Captioning/Transcript: Yes

DIVERSITY & ETHICS

Diversity & Inclusion Training for Employees

This course explains workplace diversity and provides practical steps to help individuals choose inclusive actions, improve cultural competency and address personal biases.

Estimated Completion Time: 35 minutes
Languages Offered: English
Target Audience: Managers & Employees
Closed Captioning/Transcript: Yes

Workplace Ethics for Employees

Employees all share the responsibility to act ethically and speak up if they see coworkers behaving badly. With this scenario-based training, employees learn to recognize behaviors that may do harm, determine whether they are personally responsible for taking action, and select a solution that protects the integrity of the organization.

Estimated Completion Time: 16 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: No

DRUGS & ALCOHOL

Dealing with Drug & Alcohol Abuse for Employees

An estimated one out of every 10 workers has a substance abuse problem, risking workplace safety, worker productivity and company reputation. This training discusses the forms of substance abuse that are often found in the workplace, how they can affect an employee's work situation, and what employees themselves can do to help keep their workplace drug and alcohol free.

Estimated Completion Time: 19 minutes

Languages Offered: English & Spanish

Target Audience: Employees

Closed Captioning/Transcript: No

Dealing with Drug & Alcohol Abuse for Managers

An estimated one out of every 10 workers has a substance abuse problem, risking workplace safety, worker productivity and company reputation. This training discusses the forms of substance abuse that are often found in the workplace, how managers can detect substance abuse problems, and what they should and should not do if they discover a worker with a substance abuse problem.

Estimated Completion Time: 19 minutes

Languages Offered: English & Spanish

Target Audience: Managers

Closed Captioning/Transcript: No

EMPLOYEE SUCCESS

Communication Skills Training for Employees

Effective communication is the difference between productivity and chaos in the workplace. There are basic skills you must learn and apply to ensure your message is understood every time. This video goes over practical techniques to improve all your communication skills--written, oral, electronic and face-to-face.

Estimated Completion Time: 30 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: No

Customer Service Values for Employees

Through a series of dramatizations, this session introduces five values of great customer service: respect, personalizing, paying attention, showing you care and advocating. The video also gives detailed practical advice to show how these values can be integrated into employees' daily work.

Estimated Completion Time: 24 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: Yes

How to Achieve Peak Performance

Quickly discover how to become the peak performer you are meant to be. In this video, you'll learn: how to overcome obstacles; when, and under what conditions, you work at your peak; how to work more efficiently--whether you're a "collaborator" or a "lone ranger"; and how to create a work environment that helps you thrive.

Estimated Completion Time: 30 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: No

Sleep Management Techniques for Employees

This course discusses sleep management practices and habits employees can develop to lead safer, healthier and more productive lives. Topics include the various stages of sleep, the importance of managing your sleep, practices and habits for good sleep hygiene, methods for combatting the risks of odd-hour shift work, and drowsy driving.

Estimated Completion Time: 18 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: Yes

Social Media Responsibility for Employees

Social media is everywhere, including our workplaces. While it can serve useful business purposes, it can also open the door to hackers, circulate rumors and abusive comments, create public relations nightmares, and be a drag on productivity. This video will help you avoid these dangers while sending an important message to your employees: "Do your own stuff on your own time, and think before you post."

Estimated Completion Time: 14 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: No

Stress Management Techniques for Employees

Workplace stress can mean absenteeism, employee turnover, lower productivity and higher medical expenses. This training identifies workplace stressors as well as stress-busting techniques employees can easily put to use. Viewers will learn how to deal with disorganized co-workers, deflect complainers, control their emotions and more.

Estimated Completion Time: 21 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: No

ERGONOMICS

Adjusting Workstations & Postures

This course demonstrates how to adjust a workstation to maximize neutral postures and minimize pain, discomfort, and strain.

Estimated Completion Time: 13 minutes

Languages Offered: English

Target Audience: Managers & Employees

Closed Captioning/Transcript: No

Back Injury Prevention Tips for Employees

This training explains how to avoid painful back injuries by lifting and carrying objects properly and maintaining your back's natural "S" curve while sitting or standing.

Estimated Completion Time: 12 minutes

Languages Offered: English & Spanish

Target Audience: Employees

Closed Captioning/Transcript: Yes

Ergonomics Basics for Employees

Using proper work practice controls can prevent musculoskeletal disorders. This session addresses how workers can use these controls to reduce, control or eliminate ergonomic risk factors.

Estimated Completion Time: 12 minutes

Languages Offered: English

Target Audience: Employees

Closed Captioning/Transcript: No

Industrial Ergonomics for Employees

The physical stresses and strains that industrial jobs can cause can lead to severe, even disabling, injuries. These ergonomic injuries--including carpal tunnel syndrome, tendinitis and lower back pain--often result in missed work time, reduced productivity and increased expenses. Areas covered in this training include understanding ergonomic injuries, preventing hand and wrist problems, avoiding injuries to the arm and shoulder, taking care of the neck and back, and how to lift safely.

Estimated Completion Time: 14 minutes

Languages Offered: English

Target Audience: Employees

Closed Captioning/Transcript: No

Lifting Safety for Employees

Presented by a back-injury prevention speaker, this engaging video training shows your employees how to lift smarter and safer.

Estimated Completion Time: 13 minutes

Languages Offered: English

Target Audience: Employees

Closed Captioning/Transcript: No

Material Handling Safety for Employees

This training discusses safe work practices workers must follow to prevent injuries and property damage while transporting loads throughout the workplace.

Estimated Completion Time: 13 minutes

Languages Offered: English

Target Audience: Employees

Closed Captioning/Transcript: No

FIRE SAFETY

Fire Extinguisher Tips for Employees

This video training discusses the different types of fire extinguishers, how to decide whether to use a fire extinguisher, and how to use fire extinguishers properly.

Estimated Completion Time: 11 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: Yes

Fire Prevention & Response Tips for Employees

This training discusses how workers can prevent fires and how to respond should one occur. Topics include classes of fire, good housekeeping, storage of flammable materials, hot-work precautions and responding to fires.

Estimated Completion Time: 11 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: No

Fire Prevention Tips for Hot-Work Employees

This video training discusses safe work practices to prevent the ignition of vapors, liquids and solids during “hot work.” The session also reviews the responsibilities of workers involved in hot-work tasks.

Estimated Completion Time: 9 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: Yes

Fire Safety for Industrial Employees

This course shows employees how to reduce the risk of a workplace fire and how to respond if a fire breaks out. Topics include the classes of fire, good housekeeping, handling and storing hazardous materials, static electricity, the emergency action plan, evacuation procedures, fire extinguishers, and treating fire-related injuries.

Estimated Completion Time: 19 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: No

Fire Safety for Office Employees

This course discusses how to eliminate the factors that contribute to the ignition of fires and how to respond if a fire were to break out. Topics include good housekeeping, controlling electrical fire hazards, emergency action plans, evacuation procedures, classes of fire and their extinguishing agents, the importance of using the appropriate fire extinguisher, using the PASS system to extinguish a fire, and treating fire-related injuries.

Estimated Completion Time: 16 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: No

GENERAL WORKPLACE SAFETY

Accident Investigation Techniques for Managers

This training on accident investigations explains the steps to a thorough investigation, including investigative goals, securing an accident scene, interviews and more.

Estimated Completion Time: 12 minutes
Languages Offered: English
Target Audience: Managers
Closed Captioning/Transcript: No

Battery Charging Safety for Employees

This training video examines personal protective equipment use and general safety rules when engaging in electric battery charging operations.

Estimated Completion Time: 9 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: Yes

Compressed Air Safety for Employees

This training demonstrates the hazards of compressed air. Workers will learn about cleaning with compressed air, compressed air injuries, inspection and maintenance of compressed air equipment, and components of compressed air systems.

Estimated Completion Time: 17 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: No

Compressed Gas Cylinder Safety for Employees

This safety training video reviews practices that can help workers prevent injuries and property damage when working with or around compressed gas cylinders. Topics include preparing to handle cylinders, safe transportation and handling, securing cylinders, proper hook-up, testing for leaks, and cylinder storage.

Estimated Completion Time: 17 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: Yes

Electric Shock Prevention Tips for Employees

This training provides an overview of how electricity works, explaining safe practices to prevent electric shock-related injuries and fatalities. Topics include common electrical terminology, avoiding contact with energized parts, ground fault circuit interrupters and responding to a shock event.

Estimated Completion Time: 12 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: No

Electrical Safety for Non-Electrician Employees

This training for general employees is designed to raise awareness about electrical hazards and help prevent common electrical injuries. Topics covered include basic electrical terms and definitions, common electrical hazards, and safety practices to prevent injury.

Estimated Completion Time: 16 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: Yes

Emergency Response Tips for Employees

This safety training video teaches employees what to do to stay safe during different types of emergencies. Topics include fire response, responding to chemical leaks and spills, severe weather and earthquakes, and medical emergencies.

Estimated Completion Time: 13 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: Yes

First Aid Response for Employees

This training, narrated by experienced EMT and author Martin Lesperance, shows employees how to respond in a variety of emergency situations.

Estimated Completion Time: 23 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: No

Good Housekeeping Tips for Employees

This training discusses the importance of good housekeeping to worker safety. It explains practices employees should follow to maintain a tidy and well-organized work area.

Estimated Completion Time: 10 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: No

GENERAL WORKPLACE SAFETY

Heat-Related Illness Prevention for Employees

Working in hot environments can cause dangerous heat stress. In this session, workers learn about heat-related illnesses, ways to prevent them, and what to do if they or their coworkers experience heat stress on the job.

Estimated Completion Time: 17 minutes
Languages Offered: English
Target Audience: Managers
Closed Captioning/Transcript: No

Ladder Safety for Employees

Ladders bring portability and flexibility to any job that extends above the ground. But if not used correctly, ladders can be dangerous. This video includes information on stepladders, extension ladders, and articulated or multi-purpose ladders, covering such topics as how to select the right ladder for the job, how to inspect a ladder for damage, how to set up a ladder properly, and how to climb and work on a ladder safely.

Estimated Completion Time: 15 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: No

NFPA 70E 2018 Training for Employees

This video explains important changes and updates contained in the 2018 NFPA 70E, reviewing how electrical workers can be protected from both the shock hazard and arc flash hazard presented by exposed energized parts.

Estimated Completion Time: 27 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: Yes

Office Injury Prevention for Employees

This session addresses common office safety issues, teaching employees proper work practices to avoid injury.

Estimated Completion Time: 18 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: No

Safety Awareness for New Employees

This video for new employee training addresses important safety issues across a range of industries. Content is divided into concise chapters that look at commonly encountered workplace hazards. Employees learn how to protect themselves, so they can start working safely right away.

Estimated Completion Time: 33 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: No

Safety Essentials for New Employees

New employees might not be fully aware of hazards in their workplace that can cause injury or death. This training video discusses many of the fundamentals new hires need to stay safe in their jobs. Topics covered include personal protective equipment (PPE), moving equipment and moving machine parts, chemical hazards, confined space entry, lockout/tagout, bloodborne pathogens and emergency response.

Estimated Completion Time: 15 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: No

Safety Orientation for Employees

This course contains ten fundamental safety orientation topics for new employees. Topics include personal protective equipment (PPE), slips and falls, injury reporting, hazard communication and much more.

Estimated Completion Time: 42 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: No

GENERAL WORKPLACE SAFETY

Safety Responsibility for Employees

This training shows how to prevent outside forces like time, emotions, peer pressure or distractions from taking control of our safety.

Estimated Completion Time: 9 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: Yes

Slip, Trip & Fall Prevention for Employees

This program outlines common safe practices for workers to prevent slips, trips and falls. Topics include the effects of gravity, friction and momentum; the importance of wearing proper footwear; and other tips to prevent slips and trips.

Estimated Completion Time: 11 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: No

Top 10 Causes of Workplace Injuries

This video goes over the top 10 causes of worker injuries and deaths. Employees will learn about how these hazardous situations can be prevented.

Estimated Completion Time: 20 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: No

Utility Knife Safety for Employees

Simple utility knives are convenient and uncomplicated devices; yet, they cause thousands of injuries every year. In this training, employees learn about the safe use of utility knives, including differences in types of knives, techniques for cutting safely, and how to change blades without getting injured.

Estimated Completion Time: 9 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: No

Walking & Working Surface Safety for Employees

Slips, trips and falls in the workplace cause injuries and fatalities every year. The principles behind OSHA's regulations on walking and working surfaces can help workers understand and avoid the hazards of slips, trips and falls.

Estimated Completion Time: 21 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: Yes

Winter Walking Safety for Employees

Winter is prime season for walking-related injuries. In this session, viewers learn about winter walking hazards and techniques to minimize the effects of a fall.

Estimated Completion Time: 10 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: Yes

HAZARD COMMUNICATION & GHS

Hazard Communication & GHS Training for Employees

This training session helps employees understand key elements of the GHS, including the written hazard communication plan, physical and health hazard classes, pictograms, signal words and other information found on GHS container labels, and the 16 sections of a Safety Data Sheet.

Estimated Completion Time: 23 minutes

Languages Offered: English

Target Audience: Employees

Closed Captioning/Transcript: No

HEALTH CARE SAFETY

Back Safety for Health Care Employees

This video training instructs employees on how the back works, provides an overview of body mechanics, and explains how each employee can make the proper decision when lifting anything, even in unusual situations.

Estimated Completion Time: 9 minutes

Languages Offered: English

Target Audience: Employees

Closed Captioning/Transcript: No

HIRING AND TERMINATION

How to Hire the Best Employees

Why not stack the odds in your favor the next time—and every time—you hire? This video training shows how to break the interviewing process into manageable stages, gain insight into a candidate's technical skills and work habits, evaluate candidates fairly and completely, and focus on the most important considerations when you interview.

Estimated Completion Time: 30 minutes

Languages Offered: English

Target Audience: Managers

Closed Captioning/Transcript: No

Successful Termination Techniques for Managers

Terminating employees can be the hardest part of management. This training video shows managers how to terminate problem employees properly, and in compliance with the law. In addition, by teaching performance management techniques for at-risk employees, it will also help managers avoid terminations altogether.

Estimated Completion Time: 39 minutes

Languages Offered: English

Target Audience: Managers

Closed Captioning/Transcript: No

LABOR & PRIVACY LAW COMPLIANCE

HIPAA Compliance for Managers and Employees

This course provides individuals who come in contact with protected health information a thorough understanding of how HIPAA applies to their job responsibilities and workplace.

Estimated Completion Time: 40 minutes

Languages Offered: English

Target Audience: Managers & Employees

Closed Captioning/Transcript: Yes

MANAGER SUCCESS

Employee Communication for Managers

Communicating clearly and effectively is probably the most important--and perhaps most difficult--responsibility of any manager. In this training session, managers learn to deliver praise that motivates your entire staff, offer criticism that challenges employees to improve, delegate important tasks, and prevent misunderstandings by improving listening skills.

Estimated Completion Time: 21 minutes
Languages Offered: English
Target Audience: Managers
Closed Captioning/Transcript: No

HR Compliance Essentials for Managers

This course equips managers with an essential understanding of key workplace laws related to their job responsibilities. Topics including interviewing and hiring, wage and hour laws, handling harassment complaints, preventing retaliation, FMLA basics, and reasonable accommodations.

Estimated Completion Time: 25 minutes
Languages Offered: English
Target Audience: Managers
Closed Captioning/Transcript: Yes

Leadership Training for Managers

This training demonstrates successful management styles, explains step every leader must take, and discusses personal qualities employees should develop to become good leaders.

Estimated Completion Time: 21 minutes
Languages Offered: English
Target Audience: Managers
Closed Captioning/Transcript: No

Management and Leadership Skills for Managers

Narratives spoken from experience punctuate this feature film-quality production portraying people skills managers must have. These important, but often subtle, skills are key to managing people the right way.

Estimated Completion Time: 17 minutes
Languages Offered: English
Target Audience: Managers
Closed Captioning/Transcript: No

Performance Review Tips for Managers

Effective performance appraisals motivate your top employees to do even better. They also tell underperformers exactly what is expected and how to improve. This video follows two manager storylines, highlighting elements to include in your performance evaluation process, the advantages of sticking to a regular schedule, the importance of fairness and consistency, tips for formats and recordkeeping, skills for face-to-face reviews, and the value of employee feedback.

Estimated Completion Time: 18 minutes
Languages Offered: English
Target Audience: Managers
Closed Captioning/Transcript: No

Positive Discipline Tips for Managers

How do you handle an employee discipline problem in the best possible way for the employee and your organization? This positive discipline video gives you six steps of progressive discipline. In many cases, employees will respond early in the process. But if not, the later steps help you address continuing performance shortcomings calmly and professionally.

Estimated Completion Time: 21 minutes
Languages Offered: English
Target Audience: Managers
Closed Captioning/Transcript: No

Workplace Conflict Response Techniques for Managers

In this training, viewers learn about constructive responses to destructive conflict. Techniques covered include responding with empathy, active listening, setting a limit, finding something to agree with, using "I" language instead of "you" language, disengaging to cool off, appealing to mutual self-interest, and attacking the problem, not the person.

Estimated Completion Time: 15 minutes
Languages Offered: English
Target Audience: Managers
Closed Captioning/Transcript: No

OSHA COMPLIANCE

Bloodborne Pathogen Awareness for Employees

This video provides general awareness training for all employees on the dangers of bloodborne pathogens, how to protect yourself from them, and ways to minimize the risk of transmission.

Estimated Completion Time: 12 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: Yes

Bloodborne Pathogen Safety for Custodians

This training for custodial and maintenance staff demonstrates how to safely clean up spills of blood or other potentially infectious materials without risking exposure.

Estimated Completion Time: 13 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: Yes

Confined Space Entry Tips for Employees

This training details steps designed to keep confined space workers safe. Topics include the confined space entry permit, atmospheric hazards, atmospheric testing and monitoring, and duties of the entry team members.

Estimated Completion Time: 13 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: Yes

How to Avoid OSHA's Top 10 Violations

This video covers the 10 most common OSHA violations, explaining what your company and employees can do to help avoid an OSHA citation.

Estimated Completion Time: 26 minutes
Languages Offered: English
Target Audience: Managers
Closed Captioning/Transcript: No

Lockout/Tagout Steps for Employees

This video clearly outlines each step in the lockout/tagout process. Employees will learn about the most common forms of energy sources, situations that require lockout/tagout procedures, lockout devices, proper lockout/tagout procedures, safe startup procedures, and tips for special situations.

Estimated Completion Time: 8 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: No

Machine Guarding & Operation Safety for Employees

This video for machine operators conveys the importance of understanding the hazards of specific equipment in their work areas. Operators will learn how injuries can be avoided through the proper use of machine guarding, safety devices and safe work practices.

Estimated Completion Time: 18 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: Yes

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Eye Injury Prevention Tips for Employees

This video training explains how to prevent workplace eye injury by taking precautions and using protective devices like safety glasses, goggles, face shields, and laser and welding protection.

Estimated Completion Time: 12 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: No

Hearing Loss Prevention Tips for Employees

Loud equipment can damage workers' hearing on the job. This session explains the essentials of hearing loss prevention programs, including permissible exposure levels, use of earplugs, ear muff use, audiometric testing and more.

Estimated Completion Time: 11 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: Yes

Personal Protective Equipment (PPE) Overview for Employees

This training session provides an easy-to-follow overview of personal protective equipment (PPE). Through the re-enactment of a potentially tragic arcflash incident, the training emphasizes the importance of wearing the proper PPE. In addition, interviews with workers who avoided eye and foot injuries reinforce the safety message.

Estimated Completion Time: 15 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: Yes

Respiratory Protection Tips for Employees

In this course, workers learn how airborne hazards can affect the respiratory system, and how the proper use of air-purifying respirators can guard against such injury.

Estimated Completion Time: 17 minutes
Languages Offered: English & Spanish
Target Audience: Employees
Closed Captioning/Transcript: No

Respiratory Protection Training for Employees

Exposure to hazardous chemicals in the form of dusts, fumes, mists and gases may cause lung damage, cancer and other serious ailments. This training video explains respiratory protection programs, covering topics such as employee medical evaluation, respirator selection and assignment protection factors, different types of respirators, hazards of IDLH atmospheres, qualitative and quantitative fit tests, user seal checks, and cleaning and storage of respirators.

Estimated Completion Time: 16 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: Yes

POWERED INDUSTRIAL TRUCKS & AERIAL LIFTS

Aerial Lift Operation Safety for Employees

This course examines different kinds of aerial lifts and their associated hazards. It also explains how to work safely with, or around, a lift.

Estimated Completion Time: 15 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: No

Aerial Work Platform Safety for Employees

This training discusses common hazards aerial work platform operators must consider, as well as safe work practices and operating techniques that must be followed to ensure everyone's safety during the use of an aerial work platform.

Estimated Completion Time: 17 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: Yes

Ensuring Safety Around Forklifts

Forklifts can be dangerous for both operators and employees out on the floor. In this session, viewers will learn how to prevent serious injuries that occur when forklifts come into contact with pedestrians.

Estimated Completion Time: 15 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: No

Forklift Operation Tips for Employees

This training reviews proper operating procedures for forklift operators. Topics include operator training and certification, pre-operational inspection, maintaining a truck's stability, lifting and placing loads, safe driving techniques, and loading docks and trailers.

Estimated Completion Time: 12 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: No

Forklift Operator Certification Series: Operator Training & Pre-Operational Inspection

The first in a series of four courses, this course focuses on two aspects of safe forklift operation that are required before any worker begins using a forklift: operator training and pre-operational inspection. Topics include how forklifts handle differently than cars, basic forklift characteristics, load characteristics, work environments, inspection of the outside components of a forklift, checking the fluids and fuel system, inspecting cables and belts, and operator compartment checks.

Estimated Completion Time: 10 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: Yes

Forklift Operator Certification Series: Stability

The second in a series of four courses, this course discusses the principles of maintaining forklift stability. Topics include the stability triangle, forward stability, non-uniform loads, lateral stability and maintaining stability while in motion.

Estimated Completion Time: 10 minutes
Languages Offered: English
Target Audience: Employees
Closed Captioning/Transcript: Yes

Forklift Operator Certification Series: Loading & Operation

The third in a series of four courses, this course discusses the safety practices that must be followed when loading, unloading and operating a forklift. Topics include safe loading techniques, removing a load from a rack or shelf, landing a load, preparing for operation, driving safely, inclines and other hazards, keeping co-workers safe, and entering trailers and railcars.

Anti-Bullying Training for Employees

Fear, anger, frustration, humiliation, helplessness...these feelings should not be part of anyone's job description. But they can be common in workplaces where bullying and other disruptive behavior is a problem. This session discusses how to recognize bullies and disruptive people, explains the impact their behavior can have, and outlines the steps employees can take to help address these problems.

Sexual Harassment Investigation Techniques for Managers

Any form of sexual conduct in the workplace is inappropriate, and may constitute sexual harassment if the actions or comments are unwanted or threatening. If action is not taken quickly, and the situation is not resolved fairly, a company can face lawsuits and hefty fines. This training video looks at a company's legal responsibility to prevent and address sexual harassment incidents, examines policies and procedures that should be followed when investigating allegations of sexual harassment, and discusses how to interview apparent victims, alleged harassers and potential witnesses.

Estimated Completion Time: 16 minutes

Languages Offered: English

Sexual Harassment Prevention Training for Managers

While they are the first lines of defense in preventing sexual harassment incidents, many managers do not know what constitutes harassment, or what they should do if it occurs. Conduct that might appear harmless to one person could be harassment to others. This training video explains what sexual harassment is, examines managers' responsibilities, and provides instruction on how to recognize, prevent and respond to sexual harassment in the workplace.

Estimated Completion Time: 55 minutes

Languages Offered: English & Spanish

Target Audience: Managers
